DETAILED ACTION

- This action is responsive to the following communication: an Amendment filed on 1/19/07 and authorized Examiner's amendment dated 2/8/07.
- As the results of authorized Examiner's amendment, independent claims 1, 5, 10, 11, 15, and 20 are amended to include the allowable subject matters; claims 1, 3-5, 7, 10, 11, 13, 15, 17, and 20-22 are allowed (renumbered as claims 1-13); claims 2, 6, 8-9, 12, 14, 16, 18-19, and 23 are canceled.

Allowable Subject Matter

- Claims 1, 3-5, 7, 10, 11, 13, 15, 17, and 20-22 are allowed (renumbered as claims 1-13) are allowable over prior art of record.
- The following is an examiner's statement of reasons for allowance: The combined prior arts (EP 0729118 to Stone et al, US 6421523 to Kondo et al, and US 20020085870 to Konishi) of record teach an information processing apparatus having a finishing command setting means, layout setting means, counting means, printing instructing means, spooling means, intermediate data page editing means, discriminating means, command changing means, print data generating means as cited in claim 1, however the combined prior arts of record fail to teach and/or suggest "wherein said finishing command setting means disables the finishing command if the counting by said counting means shows that the document data of one copy is printed onto one physical sheet, such that the rotation sort output or the Offset output is not performed, and enables the finishing command if the counting by said counting means shows that the document data of one copy is printed onto two or more physical sheets, such that the rotation sort output or the Offset output is performed and in combinations of other features" as cited in independent claims 1, 5, 10, 11, 15, and 20 (renumbered as claims 1, 4, 6, 7, 9, and 11). The examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of prior arts that teaches the above limitations and in combinations of other features cited in claims 1, 5, 10, 11, 15, and 20 (renumbered as claims 1, 4, 6, 7, 9, and 11).
